

Oakville Crane Training Schools

Oakville Crane Training Schools - Our various Mobile Crane Operation programs are designed for skilled operators who needs re-certification or certification, and for inexperienced individuals who are seeking their very first job as an operator of a crane. Business demand for certified crane operators is high throughout the country. Crane operator positions are in demand due to their high rates of pay. Operators of cranes are among the highest paid of whatever operator of heavy machinery.

Our Crane Training Schools include instruction and training for different mobile cranes. Course content comprises Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Load Charts, Rigging, and Signaling.

The program is most suitable for crane operators, riggers and their supervisors. The materials included in the course would comprise a manual and numerous informative handouts. The safety manual that is illustrated features one hundred to two hundred fifty pages, that depends on the course, of useful and essential material. Course materials consist of load exercises and load charts for the crane with which the individual training is working.

Hands-On Safety Training will take up more than half of the course curriculum. The practical training section is the most helpful method to developing and improving personal skill levels. Only qualified journeyman crane instructors are chosen to teach the courses. Our instructors have numerous years of experience in the industry.

Optional testing mechanisms are provided for all of our courses. Students will normally write tests both before and after training. A test for skills is normally administered for programs that comprise H.O.S.T. People training would be tested and graded.

Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; In-The Seat Training and Certification & Testing.
